Experience

Helium Ventures Inc.   Toronto, ON
Web Designer   2023 – 2024

- Developed visually appealing and user-friendly interfaces through the creation of wireframes and interactive prototypes, resulting in enhanced user engagement and satisfaction.
- Executed creative visions by implementing designs on the WordPress CMS, ensuring seamless and visually appealing websites.
- Implemented responsive design principles to ensure optimal user experience on various devices and screen sizes, resulting in improved accessibility and user satisfaction.
- Integrated brand guidelines into web designs to maintain consistency with the overall brand image.

Zodiac Group   Toronto, ON
Web Developer   2023
Web Developer Intern   2022

- Developed and maintained custom WordPress websites for clients, utilizing a stack that included HTML, CSS, JavaScript, PHP, and MySQL. This approach resulted in increased online visibility, higher engagement, and improved conversion rates for clients across diverse industries.
- Collaborated closely with UI/UX designers to craft user-friendly interfaces for web applications.
- Implemented responsive design and optimized website performance, resulting in improved SEO ranking, faster load times, and better user experience on mobile devices.
- Managed multiple projects simultaneously, ensuring timely delivery and high-quality work, resulting in increased client satisfaction and referrals.
